THE PROMISE.

# The Northern Floods and the Railways

Picture kindly loaned  
by Mr. J. B. Clark  
Seattle, September 1934

Sandy Creek Bridge, between Halsey and Marion. Concrete piers buried completely under water. The rails hanging from the standing concrete pier.

An 80 foot steel span weighing 35 tons carried on wheels down Oregon Coast Sandy Creek Bridge. The rails were 80 feet above the bed of the river. The span is only slightly damaged.

Another view of Sandy Creek bridge.

Reeking a temporary trestle at Sandy Creek Bridge between Halsey and Marion.

Damaged storage sheds at Halsey. Flood water 200 to 300 feet from bridge.

Corvallis Station, a mile from Halsey, overflooded by cyclone.

Traverse Station, Elmer Branch, wrecked and damaged by cyclone.

Marion West Station, Halsey Railway.

View of small log culvert, Halsey line.

Outlet of same culvert as shown last by floods. The outlet was previously under water.

New Legion at the American Great Northern line, showing the old building and the new. The old building was destroyed by floods. The new building was built on a higher level.

New Legion formed at 1000 ft. level, Great Northern line, showing the old building and the new. The old building was destroyed by floods. The new building was built on a higher level.

Scene at Corvallis, between Tualuma and Astoria.

Building at Halsey, damaged by cyclone.

Prosperina Bridge, showing Prosperina, Mississippi, Sugar Mill, on the left.
